Dear CCW Team,

Thanks for a kitchen that has given our home some WOW and a great place to cook. We love it. Thank you for the care and attention to detail in putting it all together and especially, Thanks Rod, for listening to what we needed, and giving us an excellent design.

We loved your gift of movies and lunch. Not something we get to do often so thanks. Tosca Trattoria's food was simple and perfectly cooked. Plus my hubbie didn't fall asleep in the movie.

We have recommended you to many and our kitchen will continue to do so, thanks.

Cherie
