To Mr Daryl Doolan,

BY:.....

From the minute that I stepped into the premises of CCW I was very pleased by the professionalism of your establishment. I had been to quite a few other establishments however none of those came close to that of CCW.

Leanne on the front desk was extremely helpful and very friendly from my first initial phone call. Leanne is a wonderful and proficient person who is an asset as the person at the fore front of your business.

However it was not until I went inside of the show room that I was absolutely blown away by just the show room itself. It was unlike anything that we have near us! I could not fault anything in the show room except one thing...I wanted all of the great kitchens rolled into one!! I felt like a kid in a candy shop!

My first appointment with your kitchen designer extraordinaire Maria Blain was one that I have told numerous people about.

Maria is the most skilful, competent, pleasant, calmest, dedicated and talented person that I encountered in the process of building my first home and most importantly the most memorable. Maria sat down with myself and our plans and made all of my dreams come true. I nearly cried because I could not believe that one person could possibly make me feel so involved and so comfortable with this massive decision, my kitchen.

The kitchen looks absolutely incredible. The vanity, laundry and wardrobes are fantastic.

There have not been any dramas with anything. Everything we have received was exactly what we hoped and expected. And I'm talking down to the millimetre! The installation process was straight forward thanks to the lovely gentleman who explained things to us in a friendly and composed manner. My partner and I would use CCW again and again if we ever have the chance to do so. We have told numerous amounts of people about both CCW's accuracy and Maria's professionalism and the amazing job that your company as a whole does.

Regards,
